### And What Have You

By BOB CRAIG

Since neither the teachers pay raise bill as introduced in both the House and the Senate nor the report of the Governor's Committee on Public School Education has been assigned to committees, it is still too early to predict the outcome.

But even this early we will predict one thing—some of the people that are fighting the Governor's Report are going to be in for a surprise before the battle is over.

We say this because we have a feeling that many have an ulterior motive in their fight against the school consolidation part of the Governor's report. What they are really opposing is the increase in costs.

The fight against consolidation is an emotional one and one that draws more public support than the real battle—money.

Where we feel the surprise will come is while they may win the fight of consolidation they may lose the battle as far as costs are concerned.

With both Governor Smith and Lt. Governor Barnes predicting the defeat of the consolidation it would almost appear that this battle is over this year, but which ever route the Legislature takes the fight over money will still be going on.

While we do not necessarily favor the consolidation idea, we can see that through incentive programs other new programs and pay increases, the bill that finally comes out of the Legislature could end up costing as much or more money than the Governor's Report and not do much to improve our educational efforts.

While we hesitate to accuse all of the groups cropping up opposing school consolidation as having ulterior motives, we do feel that many of them are using this as a front in their efforts to fight increased school taxes. And if this is the case, we think that their efforts would be more successful if they would come out in the open and join the fight where the battle is going to be rather than trying to come through the back door on this issue.

We could support their efforts in behalf of holding down taxes if they would come out in the open and not rely on false claims and distorted facts.

If the legislature improves teachers salaries and improves the educational opportunities for our young people without cutting down on the wastes and loopholes found in some districts across the state, then it is going to cost us more money and not less.

If the people of Texas want better education, but want to stay with the present system, then they can expect to pay more money. If they do not want to spend more money then they will have less education because of increased costs.

We just hate to see the public get fooled in this matter by high sounding groups that are appealing to emotions rather than to reasoning.

It is time for interested citizens to get together and eliminate the high sounding catch phrases and study the bills that come before the Legislature and decide which is going to be the best education for our youth at a price that we can afford. If this means doing away with some school systems, then so be it.

There seems to be a campaign underway now to change our National Anthem based mostly on the fact that "The Star-Spangled Banner" is too hard to sing. Songs being suggested to take its place are "America," "The Battle Hymn of the Republic," "God Bless America," "Columbia, The Gem of the Ocean," and "America, The Beautiful."

We were interested in the possibility of a change until we read that such people as Joan Baez call our anthem just so much trash. Maybe this is not a good reason to keep the one we have but we are opposed to giving people like this the satisfaction of a change.

**CITY HAS PROBLEM TOO** -- Not only does the Highway Department have trouble keeping beer cans picked up along the highways, but the cities are faced with this problem too, according to Bill Rountree, City Superintendent. This week City employees picked up enough cans and trash on the gravelled road to West Lake to fill a five-yard truck. The City is trying to get the road to the lake cleaned before the spring and summer use of the lake begins.

# As It Looks From Here . . .

Omar Burleson, M. C.  
17th District, Texas

WASHINGTON, D. C. — President Nixon is seemingly viewing the crime situation in Washington as high priority for action.

The District of Columbia is unique in that it is one of the few places where the Federal Government is directly responsible for law enforcement.

The President is asking for an increase of Federal Judges and prosecutors to speed up work. A crash program of recruiting more police is underway. The backlog of cases awaiting trial continues to mount. It is taking from seven to eight months at the present time to bring criminals to trial. Meanwhile, records show that a very high percentage of arrests are those under felony charges free on bail.

The two most important things in law enforcement are swift apprehension of the criminal and certain punishment for those who violate the law. But this will not get the job done completely. A change in the attitude of the courts and public officials toward more respect for law and its penalties is fundamental.

Not only in this country but all over the world, Washington is becoming known as the Nation's crime capital. Last week a London newspaper published the following "It seems almost as if crime in Washington has become a sport. In a curious way, many Washingtonians have become accustomed to living with crime almost in the way Londoners learned to live with the World War II blitz." One

Metropolitan newspaper carries a daily "Crime Clock" listing the armed robberies for the preceding twenty-four-hour period and the time they occurred. A typical day listed sixteen robberies.

For the month of December 1968 there was recorded 629 holdups, more than double the number of December 1967.

Bank robberies alone amount to 102 in 1968. This averages out to nearly two a week. The opening weeks of January showed bank robberies occurring at the rate of one each banking day. This compares with 27 bank robberies in all of 1967. Bank robberies in other parts of the Country have remained about the same for 1968 as they were in 1967 and the previous year, which points up that Washington has become the holdup center of the Nation.

From December 1965 to the same period this last year, the number of holdups in Washington increased by 452 percent.

Many business houses in the Nation's Capital, especially

those operated by women or a small work force, keep their doors locked in broad daylight and wait to identify customers before admitting them. In numerous holdups, the merchant or employee is shot without warning or provocation. They are killed while surrendering their money or property without no apparent reason.

For the fourth time on January 30, 1969, a bill which would come more nearly meeting this crisis was introduced. The following is a statement made on the Floor of the House of Representatives after the introduction:

"Mr. Burleson: Mr. Speaker, the comments of my distinguished colleague the gentleman from Florida (Mr. Sikes), reminds me that on three occasions before today I have introduced legislation which more nearly meets the problem of controlling crime in the District of Columbia than any approach heard yet.

"On August 25, 1959, and February 26, 1963, and again on July 15, 1965, I introduced

legislation which would enable the Metropolitan Police force to be augmented by military personnel. For the fourth time today, I am introducing the same or similar proposal.

"Mr. Speaker, if an adequate number of marines from nearby military installations were brought into Washington to assist in patrolling its crime-ridden streets, we would see an immediate decline in the disgraceful crime rate now besetting this Capital City which belongs to everyone.

"Now I know this is not the total answer. As indicated by others there must be measures taken to strengthen the system of law enforcement in the District of Columbia. Law-enforcement officers should not have to carry these punk criminals around on a feather pillow. It should be made known to the courts that they are expected to more promptly bring to trial those charged with crime.

"In addition, the disgraceful bail bond system and the release of repeater criminals

should no longer be tolerated. "Whatever it takes should be done to protect people and property in this City. It is time to resort to the most stringent action. Military personnel was brought in to assist in maintaining order during the recent Presidential inauguration. They have been used on other occasions and there is no sound constitutional reason why they cannot be used every day to assist in maintaining order if they can be used 1 day. The District of Columbia is a Federal City. It is not Little Rock or other cities where troops have been sent to maintain order. If this sort of action was justified, how much more critical it is to preserve the decency of our Nation's Capital.

"Mr. Speaker, I ask the com-

mittee to which this measure is referred to give early consideration to it. This City is in an emergency and will continue to be until drastic action is taken."

If Washington is unable to run a Federal City of ten miles square, it should not be trying to run so many other things in the rest of the Country.

Mrs. Floyd Hallmark visited in Dallas over the weekend with her brothers, Vaughan and Alvis Wilcoxson, and their families.

# FROM THE FILES . . .

## FORTY-FIVE YEARS AGO (February 8, 1924)

Woodrow Wilson has found in eternity a haven from the storms and sorrows of a troubled world.

In the prayerful quiet of Sunday morning, February 4, death folded him gently in his embrace and bore him to his maker.

And so the World's Greatest Man Woodrow Wilson is Dead.

Under the auspices of the Woman's Literary Club, Dr. Perrin, of the State University, will deliver a lecture on Psychology, Saturday afternoon, at three o'clock at the Methodist Church. Everybody cordially invited. No admission. No collection.

Tuesday night the Chamber of Commerce met for the first time since dropping the old name "Luncheon Club." There was one very noticeable thing, however, most of the old boys still "lunch" even though the name is changed.

The Chamber of Commerce will cooperate with the Woman's Literary Club and all other organizations to help improve the civic appearance of Hamlin. Looks go a long way in what people think of a town. Even home folks are happy to see things clean and attractive.

The P-TA met Monday evening. The most important item of interest now confronting the Association is the raising of funds to pay their indebtedness on the school piano, which amounts to \$240.00.

## TWENTY YEARS AGO (February 11, 1949)

Members of the Hamlin Boy Scouts and their fathers and guests will gather for a father-son banquet in the Anson Drive-Inn Cafe Feb. 14.

Only a few dollars short of the unofficial goal of \$1,000 the campaign for funds to fight polio closed in Hamlin Monday with a total of \$967.59 reported, and a few donations yet not turned in, according to Mrs. V. R. Bond, chairman.

Fred C. Smith, manager of the Rockwell Bros. Lumber Co. of Hamlin, was elected second vice president of the Central Texas Lumbermen's Association in a meeting at Rotan Tuesday evening.

Holly Toler, mayor, and Bill Rountree, city water superintendent, left Friday for College Station where they attended the 31st annual Texas Water and Sewage Works Association short course in A&M College.

J. B. (Burns) Eakin has purchased a half interest in the Irwin Motor Co., it was announced this week by A. H. Irwin, manager of the firm.

Members of the Hamlin Blue

Birds, their sponsors and mothers, will join in plans for celebrating the 39th anniversary of the Camp Fire Girls, March 17, it was announced this week by Miss Kathleen Crawford, area executive.

Plans for widening the highway streets in Hamlin were nearer to realization this week when Holly Toler, mayor, announced that only a few more signatures of property owners are needed to assure completion of the job.

More than 250 hounds are expected to participate in the houndsmen's hunting to be held at the old Hamlin Lake, one and one-half miles west of Hamlin Sunday, Feb. 20 according to D. J. Turner Jr., president of the local chapter of houndsmen.

The program will get underway when the drag races open.

## TEN YEARS AGO (February 12, 1959)

A total of \$1,024.50 had been tabulated Tuesday night for the National Foundation, declared Ed Croan, community drive chairman.

Neinda this year conducted a separate community drive that had netted \$101.50 at mid-week.

Hamlin Schools are now in good financial condition, it was revealed when tabulations of the books were made at the Monday evening business session of the board of education of Hamlin Independent School District.

Girls of the Camp Fire organizations in Hamlin are in the midst of a candy selling campaign that is raising funds for a permanent camp site for the groups at the Hamlin South Lake. The city has donated a site for the camp.

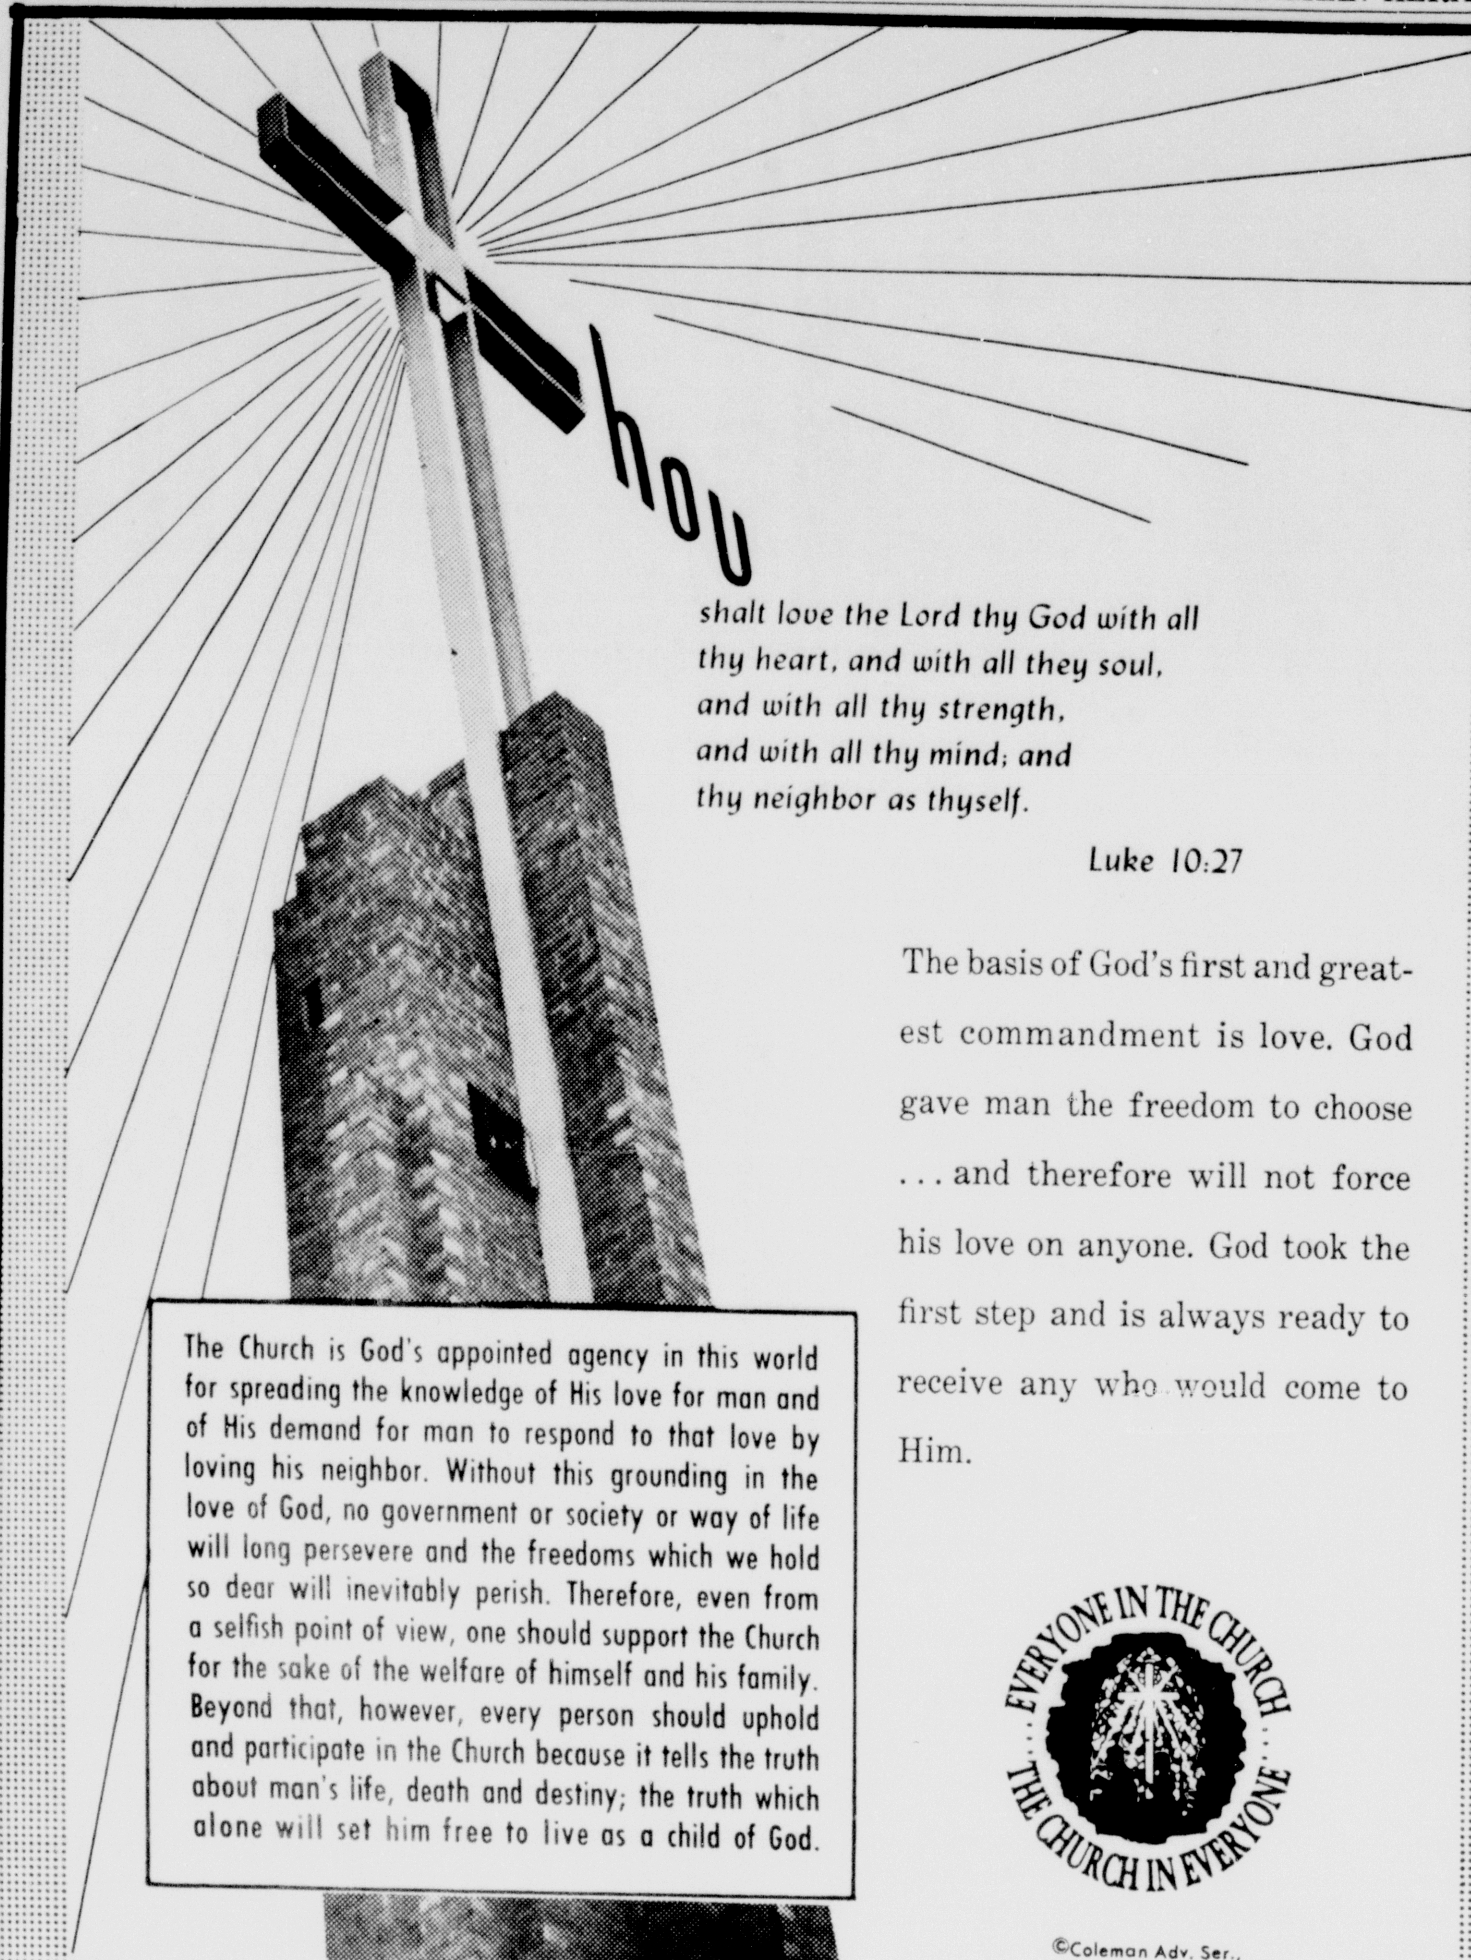

Plans for a community improvement project were discussed by members of Explorer Post 43 of Senior Boy Scouts when they met at the Boy Scout Cabin.

Mrs. R. L. McClung was elected as delegate to the Hamlin Woman's Forum when members of the Beta Theta chapter of Beta Sigma Phi met Wednesday afternoon in the oil mill guest house.

Mrs. Eunice Rainwater presided at the January meeting of the Jones County Vocational Nurse's meeting in the Anson Hotel dining room January 29. Speaker for the evening was Mrs. Lois Stephens of Hamlin.

Members and guests of the Hamlin Lions Club witnessed a film at the Tuesday noon luncheon, which presented in forceful ways the huge strength of the modern U.S. Army.

Mrs. Joe Wayne Carter, home-making teacher in Hamlin High School, attended an in-service training conference in Abilene last Friday and Saturday.

shalt love the Lord thy God with all thy heart, and with all thy strength, and with all thy mind; and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose ... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

Cancer is a dreaded disease. Millions of dollars are being spent in research trying to find a cure for cancer. Much progress has been made, but there is still a long way to go before it is conquered. But in their research, scientists have turned up some vital information.

One thing that has been established by the researchers is that there is a definite relation between smoking and lung cancer. The relationship is so alarming that all packs of cigarettes now bear a warning note and many organizations are spending a lot of money trying to persuade people not to smoke or to quit if they do.

One of the most famous people involved in this battle to curb the growing death rate is a fellow by the name of William Talman. I doubt if you know him by that name, however, You probably know him better as Hamilton Burger. He was the prosecutor who always lost on the Perry Mason Show on television. Despite all his trying he could never slip a case by Perry Mason (Raymond Burr).

William Talman has a spot now on television in which he urges people to refrain from smoking. In the spot Talman introduces his wife and three children. After introducing them he goes on to say that he didn't really mind losing all those battles to Perry Mason. Then he says that he is in a battle which he wants to win, which

he doesn't want to lose. He says that if he loses it, it will mean losing "my wife and those kids you've just met."

The battle Talman is speaking of was his battle with lung cancer. For Talman smoked three packs of cigarettes a day throughout his adult life.

He goes on to give some advice on smoking. "Take my advice about smoking and losing from someone who's been doing both for years. If you haven't smoked, don't start. If you do smoke, quit. Don't be a loser."

I can remember when I started smoking. I did it because it made me "big". I can still remember how sick I was when I finished puffing my way through that first smoke. But I did it because I wanted to be big.

Smoking never did do anything for me except cost me money. I started when I was 18. I quit when I was 23. It was about the third time to quit, but I stayed quit that time. The reason I had not stayed quit before was that I didn't have the will-power to do so. That's the real reason any person doesn't quit. They haven't got the will-power. Or, if you wish to state it another way, they haven't got the intestinal fortitude.

William Talman? He lost his battle. At the age of 53 he died of lung cancer. Light them up, smokers. The graveyard isn't full, yet.

## Neinda Philosopher Comes Up With What He Thinks Is the Perfect Farm Problem Solution

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One thinks he has a solution to the farm problem, but there must be a flaw in it somewhere. Dear editor:

I don't know if it's aware of it yet, but Congress has figured out a way to solve the farm problem.

As everybody knows, farmers are getting less for their products now than they did 20 years ago, while everything they buy has gone up, the same as everything you buy has. Imagine trying to buy a 1969 tractor with 1949 wages, or an air-conditioned automobile or a color T. V., not to mention a week's stay in a hospital.

Experts have struggled over this for years, and it doesn't make much difference who's named Secretary of Agriculture, the problem continues from one administration to the next and whoever's the Secretary winds up being the most unpopular man in the country, excusing maybe the Collector of Internal Revenue.

But according to an article I read in a newspaper last night, the answer was right in front of us all the time and nobody saw it. It's called the Congressional answer.

As I understand it, Congress has worked out a system of raising its salary without voting on it. It goes this way: if a commission outside Congress decides a Congressman

ought to be paid more and the President recommends it, the increase goes into effect automatically unless Congress votes against it.

Consequently, last week Congress got a 41 per cent increase in salary, from \$30,000 a year to \$42,500, and not a single Congressman had to vote for it.

Understand, I'm not saying they weren't entitled to it, it may be worth more than that to have to live in Washington, and I guess in some extreme cases it's worth \$42,500 to a district to have its Congressman there instead of at home, I just don't have enough facts to express an opinion, but what I'm admiring is the way it's attained, and what I'd like to know is why can't farmers get hold of the same system?

All we'd have to do is get a law passed giving the Secretary of Agriculture the right to raise the price of farm products by the Congressional ratio of 41 per cent, effective 30 days thereafter provided the farmer didn't vote it down. I believe I personally could guarantee to keep most farmers in line on this.

Then when housewives lambasted us for running the price of groceries up, we could say, "Why, we had nothing to do with it. We didn't vote for it. Our hands are tied."

In fact we could go further and say, "Look, we'll make you a fair proposition. If Congress, which didn't vote for it's raise either, turns it down and sends the money back to the treasury, we will too." Yours faithfully, J. A.

HERE ARE 9 REASONS  
WHY YOU SHOULD BUY A  
HOOVER SPIN-DRYING WASHER

**ROLLS ON LARGE CASTERS**  
Large casters let the HOOVER move about with complete ease. Store it in one place... use it in another.

**FAMILY-SIZE LOADS**  
2 Double Sheets plus pillow cases, or 36 diapers, or 12 men's shirts. Washes even the most delicate things.

**TURBO-ACTION AGITATION**  
The unique HOOVER energy disk, located on the back of the washer tub, actually surges water through the clothes. This remarkable wash action gets clothes really clean.

**SAVES \$\$ ON WATER**  
Uses only 1/3 the amount of water that most automatics use. Saves up to 100 gallons every 3 loads.

**SAVES \$\$ ON DETERGENT**  
The washing action is so efficient, it needs less detergent than the agitator or tumbling-type washers. It has a SUDS-SAVER, too!

**WASHES FAST**  
The HOOVER washes a full load of laundry in four minutes or less, in a gleaming lifetime stainless steel wash tub.

**DRIES IN SECONDS**  
The clothes are spun at the amazing speed of 2,000 RPM. This enables the washer to extract soap or detergent that can't be rinsed out. Laundry comes out really damp-dry.

**NO PLUMBING NECESSARY**  
Needs no plumbing, needs no installation. Just roll the HOOVER to any sink, slip on the hose and start washing. Pump empties washer automatically.

**EASY TO SERVICE**  
No gears or complicated control panels. Truly a drive-by-wire washer. Self replacement is a breeze... less need for costly service.

# IT'S RADICULOUS! CAT & DOG SALE

## BOYS' CORDUROY SHIRTS

Talk about a dog, man these boys' corduroy shirts are just that. We mixed a few flannels in with them to try to get you to look at them. They are reg. \$2.99 shirts a good seller last year but that was last year and history. How about taking one this year for \$1.00 ea.

## MEN'S CORDUROY SHIRTS

We barked and purred real loud last season about selling so many of these. We got real brave this season and just plain overbought these shirts. We promise to buy less next season if you will just help us out on these reg. \$4.99 shirts for \$2.88

## MEN'S TRICOT SHIRTS

Nylon dress shirts in mostly whites. The label says throw away your iron. If you don't buy these reg. \$2.99 shirts on our cat and dog sale we are going to throw away the shirt instead of the iron — How about \$1.00 ea.

## MEN'S NEHRU COATS

Doggone it these are supposed to be the hottest item to come along in a long time. Guess they were just too "Hot" for us to sell. The salesman that sold these to us must have been a "Cool" cat and caught us Catnapping as we have 7 of these reg. \$19.95 coats left. If you help us out on these we promise to wake up next time. Going for — \$8.00 ea.

## BOYS' FOOTBALL SUITS

These are the cute little suits that have the pants, shirts and socks all to match in a set. Joe says they don't look so cute anymore and he is tired of looking at these reg. \$7.99 things. How about \$3.99 ea.

## SWEAT SHIRTS

MEN'S, BOYS', GIRLS' short sleeve sweatshirts. Don't believe you would want one of these if you looked at them. We never have the right color or size or something was badly wrong. We were supposed to sell a "Bunch" of these and guess maybe we did, but the doggone buyer overbought again. These were reg. \$1.99 — Would you please help out at \$1.00 ea.

## LADIES' SHOES

Some of these have been a round so long they seem like a member of the family. If you want to waste a little time, come on down and look through these as we know you wouldn't be caught in the doghouse with a pair of these shoes that we value to \$12.95 to go for \$1.99 pr.

## GIRLS' SWEATERS

These didn't look good when they arrived. Moths don't bother orion much though so they at least aren't full of holes as you would expect. Really don't know how to describe these horrible looking things so just leave your daughter home and come down and buy her one of these sweaters for \$1.00

THIS IS THE CRAZIEST KIND OF SALE YOU EVER HEARD OF. WE TRY IT ANNUALLY. THERE IS REALLY NOTHING BUT A BUNCH OF ODDS AND ENDS, BUYERS MISTAKES, SLOW MOVERS ETC. IF YOU ARE AN IN-DECISIVE BUYER AND WANT TO EXCHANGE OR RETURN WHAT YOU BUY, YOU ARE WELCOME TO ATTEND OUR SALE BUT PLEASE DON'T BUY ANYTHING AS WE ARE ANXIOUS TO GET RID OF IT.

## THIGH LENGTH HOSE

Why would anyone buy as many dozen of these as we did will always be a mystery. These are the fishknit kind that come in all the many high shades that all of a sudden quit selling so fast. Want to help us out on these reg. \$1.00 hose for 39c

## MEN'S FLANNEL ROBES

These are the doggoned robes that always seem to sell real good with us. Now it has happened again, the department manager got reckless again and bought way too many of these. They are, however all cotton for you cotton farmers. Would you help us out on these reg. \$4.99 robes for \$2.88?

## BOYS' HOODED SWEATSHIRTS

Everytime we show a customer one of these sweatshirts, they say, "Let me look at your nylon windbreakers first." This seems to be the story on these even though the price of the windbreaker is higher. We promise you more cold weather though if you will buy one of these reg. \$2.99 sweatshirts for \$1.67

## TURTLE NECK DICKIES

These are marked \$1.99 and look real nice. In fact the colors have held up real good for two or three years. We can take a hint and move these out before they do lose their color for \$1.00

## MEN'S ZIPPER FRONT SWEATSHIRTS

Talk about a real goof-up. When these were ordered we fully intended to order the one with the hood. Somehow we got a wrong number down on the order and they shipped us the zipper shirt made exactly like the hooded one only it has no hood. We priced them at \$2.99 which we thought was cheap and still have about 3 dozen left for you at \$1.49

## MEN'S NEHRU SHIRTS

These are the smart looking collarless shirts made by Blocks. We sure wish Blocks had them instead of us. Maybe you could use them for an undershirt or anything to get rid of these \$4.99 values — Would you believe \$1.99?

## BOYS' OVERALLS

What happened to all those boys ages 2 thru 4 that used to wear these overalls? Did they grow up all of a sudden? Surely there is a few of them left that would take a pair of these reg. \$3.99 "Cat" overalls for \$1.99

## PURSES

The same old story, the new ones are in and we have to have the room. We have tried these \$2.98 and \$3.98 purses at \$1.98, in the grab box and almost every way to sell them to no avail. Want to put one up till next year for \$1.00?

## FABRICS

You just can't fool people who sew. No use fooling ourselves either. We have about 30 yards of woollens left in this lot, all dark colors. We must have marked it too high to start since it is ticketed at \$2.98 and \$3.98. Also in this group is material called "Windjammer." Please help us out on the balance of this for 98c yd.

## CORDUROY

We have about 12 pieces of this corduroy left. Somehow it just must have been hidden all season under the counter or something. Somebody must have had a good season on it (Could have been the salesman we bought it from) Values to \$1.39 yd now 2 yds. \$1.00

## LADIES' SWEATERS

Mrs. Jenkins says "I'm just plain tired of looking at these sweaters," now we have about 15 of these left that sure are good ones (For what, we don't honestly know) believe they are all pullover styles as someone said if they had been cardigans they might have sold, but I doubt it. How about helping us out for \$1.99

## LADIES' COATS

We started to go through these one by one and price them by how they looked. Got about half way through and decided it just wasn't worth all the trouble even though some of these may bring more than 1/2 PRICE

## COSTUME JEWELRY

We had at one time a deal with this company where we bought anything we wanted to and if it didn't sell they gave us credit for it and we could mark it down. Somehow they wised up and now we are "Stuck" with all of this "Junk." Will just take our loss on this reg. \$2.00 goods for 49c

## NO-IRON PERCALE PERCALE SHEETS

Asked a lady the other day "How about buying some of pretty no-iron sheets today." Guess what she says? "Who irons sheets? Now we thought these would be the thing. They are made by Cannon and we have fitted or full size flat that are supposed to sell for \$6.99 for \$4.49

## GIRLS' COATS

We ended up the season with more coats it seems than stores start off with. We ain't bragging, just complaining you understand. Now it is rumored that you can buy one of these at your price and guess that is true. Would you take one of these "Dogs" for 1/2 PRICE

## LADIES' GOWNS

Mrs. Fomby says if you help her clean up her stock a little that she will forever be in your debt. Don't suppose the description or anything else would help sell these so why waste your time looking at all these brushed and challis gowns for \$1.98

## GIRLS' SKIRTS

These 3 to 14 size girls skirts didn't sell last year much less this year. Won't you please help us out on these skirts before we have a great big moth problem on our hands for one group values to \$4.99 now \$1.98

Another group that has no value now \$1.00

## WANTED

We desperately need one customer to buy a room size rug. This rug is marked 8 1/2 by 11 1/2 and the price was \$19.95 — Would you part with \$9.95?

## LADIES' DRESSES

We have a rack full of dresses still hanging here. After all the dresses we have sold, we think they must be MULTIPLYING. They are not the best looking dresses you have ever seen but if you don't care about all of the "Looks" part, come on down and look through them anyway for 1/2 PRICE

## LADIES' & CHILDREN'S PANTY HOSE

We sure hate to admit we goofed again, but can't think of anyone else to blame for all this stock of textured panty hose. Would like to think that maybe Joe Cortez bought them while I was out of the store, but he won't admit it. Anyway, these are originally priced at \$1.98 pair. If 79c doesn't move these, watch out for a fire alarm.

## LADIES' PANTS

These dogs are barking because they need a new home. The most horrible colors you could imagine. Your husband surely wouldn't be seen with you if you had a pair of these pants on. Anyway if you would like a pair of real good pants to work in the yard in how about taking a big look at some of these \$6.95 values including denims for \$3.98

## BOYS' SWEATERS

If you want the honest truth about these boys' sweaters, just don't ask us about them as we are not about to tell the truth. If you can sneak off from your son long enough to buy one of these reg. values to \$6.95 sweaters (Please don't ask to exchange it if it doesn't fit) for \$2.99

## MEN'S CORDUROY HATS

We have about a dozen of these narrow brims left and they aren't improving with age. Sold some of these up to \$3.99, but can't remember that far back. Could you afford to spend a \$1.00

## CHILDREN'S SLIP AND PANTY SETS

Mrs. Brandon says that she doesn't know anyone that would buy these reg. \$1.98 slips and panties to match so we had a big conference and decided to try you for 79c

for the set on these. She also has some girls' panties as separates that she is tired of — How about 19c pr. on these?

## MIXED TOWELS

If you remember our last Cat and Dog Sale it was the same story. We have done it again. We have a group of towels, wash cloths, etc., that won't match anything. We have chased downstairs so many times trying to make sets from these we are just disgusted with them. Bath sizes values to \$2.98 now 98c

Face size values to \$1.98 now 79c

Wash cloths values to 59c 3 for \$1.00

## DECTOLENE SHIRTS

If you have been around the world and might know what is going on, you will know these are the shirts made by a famous maker that uses a bow to shoot his trade mark. There are a few whites and few colors in these shirts. They come pre-marked \$9.00 — Would you help us out once again for \$4.99?

## MEN'S JEANS

We may get in plenty of trouble here, as this manufacturer doesn't like for us to cut the prices on his jeans as he is very famous. If you don't buy these jeans that are prepriced up to \$8.00 for \$5.88 we are going to ask him to please take them back.

## GRAB BOX

We have 200 to 300 items wrapped and marked because if you could see the junk we put in the packages you would never buy it. Once you open the package it's yours however. Want to take a chance? Once in a while we put a real value in and mark it dirt cheap

TRY YOUR LUCK

## COLOR HOSE

Not much to say about this 3 dozen hose except the colors are real bright like yellows, lt. blues. We tried them for \$1.00 back a few years and they didn't sell then either — How about 25c pr.

By MRS. R. M. BABB

Lovely morning but makes us wonder just what tomorrow will be?

So sorry to learn that Mrs. Milton Montgomery is back in Hamlin Hospital. We do hope she will improve real soon and be able to come home.

Our sympathy to the family of Elmer Oatman. He died in a hospital in Llano and was buried in Merkel Cemetery last Wednesday. A relative of Ross Douglass; Mr. Oatman lived here in the community for several years during the thirties.

Mrs. Tommy Wilson of Hartley, spent a few days with her Mother, Mrs. Gladys Williams last week.

Noticed the new roof on the Cliff Early home? When I passed there, there was Lena Bell on top of that house just working up a storm.

Mr. and Mrs. Ross Douglass are the proud grandparents of an 8 lb. 4 oz. young man named Dee Jon Douglass, son of Mr. and Mrs. Don Douglass of Big Spring. He arrived Monday, Feb. 8. He has two brothers, Donald Ray and Darrell Wayne. His other grandmother is Mrs. Rufus Herbst of McCauley.

Ralston Williams of Dallas spent the weekend with her mother and brother, Mrs. Jeffie Williams.

John Hardwick spent the weekend in the Chub Hardwick home.

Mary Prather and children of Sweetwater spent the Sunday afternoon in the W. B. Brown home.

The J. L. Hagins visited in the Babb and Edwards homes one afternoon last week, they are living in Hamlin.

Mr. and Mrs. Rickey Hobbs and son, Brad, visited in the home of Mrs. Herman Walter Sr. of Olden and in the O. R. Criswell home in Ran-

ger over the weekend. While there they met former school mates Mr. and Mrs. Herman Walter Jr. of Commerce. Mrs. Walter, the former Cherry Christwell, attended school in Hamlin.
